Index

MARCH – DECEMBER, 1968

Abortion, June, 243-251
  definition, June, 243
  habitual, June, 245
  induced, June, 246
  liberalization of laws governing, June, 246
  missed, June, 245
  nursing care in, June, 249
  prevention, June, 250
  spontaneous, June, 243
Acid-base balance, measurement of, Sept., 397
  problems of, March, 85
Acidemia, respiratory, signs of, March, 85
Acidosis, metabolic, signs of, March, 85
  respiratory, June, 396
Administration, of intensive care unit, March, 19
  of operating room, Dec., 575-589
Adrenal hyperplasia, congenital, diagnosis and treatment, June, 209
Aerosol bronchodilators, use in chronic obstructive lung disease, Sept., 416
Affusion, cold, June, 373
Afterpains, relief of, using deliberative nursing, June, 327-336
Age, effect on woman patient, March, 198
Aging
  care of, Dec., 649-748
  health maintenance programs for, Dec., 729-740
  physical and mental changes of, June, 255
  social and economic aspects, June, 254
Aides, nurses', supportive role of nurse with, March, 153-163
    utilization of, March, 162
Air pollution, relation to chronic obstructive lung disease, Sept., 450
Airways, anatomy and physiology of, Sept., 383
  obstruction of, treatment, March, 72
Alkalemia, respiratory, signs of, March, 85
Alkalosis, metabolic, signs of, March, 85
Alpha chymotrypsin, use in cataract surgery, Sept., 539
Alveolar ventilation, normal, March, 66
Alveoli, microanatomy of, Sept., 387
American Nurses' Association, Division on Geriatric Nursing Practice, Dec., 743
  geriatric nurse and, Dec., 741-748
Aminophylline, intoxication by, Sept., 458
Amputee, elderly, with multiple problems, Dec., 683
ANA, Division on Geriatric Nursing Practice, Dec., 743
  geriatric nurse and, Dec., 741-748
Anesthesia, Dec., 591-600
  care after, Dec., 595
  clinical laboratories for, Dec., 595
  malignant hyperthermia during, Dec., 595
  new drugs for, Dec., 593
  preoperative care and, Dec., 591
  spinal, care after, Dec., 597
Anomalies of female genital tract, June, 205-215
    classification of, June, 207
Anticoagulants, use in elderly patients, Dec., 671
Arnold, Virginia, biography, Sept., 545
Arrhythmias, cardiac, effects of, March, 57
Assessment, nursing, of elderly patient, Dec., 722
Asthma
  attack of, in child, treatment in hospital, Sept., 457
  child with, Sept., 453-461
  prophylaxis of, nurse's role, Sept., 454
Authority structure in hospital, March, 120
Auxiliary personnel, supportive role of nurse with, March, 153-163
  utilization of, March, 162

Bed, positions in, for elderly patient, Dec., 677
Biot's respiration, March, 70
Blood, normal values for (table), Sept., 430
Blood gases, monitoring of, March, 71
  normal values, March, 67
Blood pressure, significance of, March, 60
Body fluids, balance of. See *Fluid balance.*
Brachial artery, catheterization of, March, 71
Brain dysfunction, minimal, June, 375
Breast, cancer of, diagnosis, June, 237
    prevention, June, 229-241
Breast feeding
  alternate massage method, June, 347
  nursing care and, June, 345-354
  prenatal preparation for, June, 345
Breathing
  aids to, Sept., 471
  capacity, measuring, Sept., 393
  controlled, Sept., 473
  exercises for, Sept., 474
  patterns of, Sept., 471
Bronchi, anatomy of, Sept., 386
Bronchial drainage
  coughing techniques with, Sept., 470
  for ambulatory patient, Sept., 465
  for patients who need assistance, Sept., 467
  manual techniques for, Sept., 469
Bronchitis, chronic, home care in, Sept., 442
    nursing care in, Sept., 413-422
Bronchodilators, use in chronic obstructive lung disease, Sept., 416, 446
Bronchopulmonary diseases, chronic, as a health problem, Sept., 437. See also *Chronic obstructive lung disease.*
Bronchospirometry, Sept., 395

Calcium balance, disturbances in, March, 84
Cancer
  diagnosis of, June, 237
  emotional significance of, June, 233
  factors in development of, June, 234
  of breast and cervix, diagnostic techniques for, June, 237
    prevention of, June, 229-241
      nursing action in, June, 238
Carbocaine, new local anesthetic, Dec., 593
Carbon dioxide, excess of, treatment, March, 73
Carbonate, balance of, disturbances in, March, 85
Carbonic acid, balance of, disturbances in, March, 85
Cardiac arrhythmias, effects of, March, 57
Cardiac output, relation to heart failure, Dec., 664
Cardiac physiology, normal, March, 54
Cardiac surgery recovery room, psychiatric problems in, March, 43
Cardiovascular function, abnormalities in, March, 56
    nursing observations of, March, 58-62
  nursing assessment of, March, 53-63
Cataract surgery, newer procedures in, Sept., 539
Catheterization of brachial artery, March, 71
Central venous pressure, significance of, March, 59
Cervix, cancer of, diagnosis of, June, 237
    prevention, June, 229-241
Chair nursing for elderly patient, Dec., 680
Cheyne-Stokes breathing, March, 70
Child, with asthma, Sept., 453-461
Chronic obstructive lung disease
  home care in, Sept., 437-452
  nursing care in, Sept., 413-422
  prevention and control, Sept., 449
Cigarette smoking, relation to chronic obstructive lung disease, Sept., 449
Circulation, pulmonary, measurement, Sept., 394
Circulatory function
  abnormal, March, 56
  normal, March, 53
  nursing assessment of, March, 53-63
Citanest, new local anesthetic, Dec., 593
Clay, eating of, in pregnancy, June, 299-305. See also *Pica.*
Clinical specialist
  as operating room supervisor, Dec., 577
  role in geriatric nursing, Dec., 726
  role in surgical nursing, Sept., 507-514
Confused elderly patient, care of, Dec., 709-715
Congestive heart failure in elderly, Dec., 663-674. See also *Heart failure.*
Clitoris, hypertrophy of, in infant or child, June, 208
COLD. See *Chronic obstructive lung disease.*
Cold affusion, June, 373
Colposcopy, June, 238
Communication, in counseling process, June, 266
  of nurse with nurses' aides, March, 159
Congestive heart failure, in elderly patient, Dec., 663-674. See also *Heart failure.*
  pathophysiology of, March, 56
Consumption, dietetic management, historical description, March, 186
Cor pulmonale, physiology of, March, 69

Coronary care unit, inservice education program for, March, 87-93
psychologic problems in, March, 46
Coughing, assisting patients with, Sept., 470
Counseling, definition, June, 263
health, of women, June, 263-273
Counselor, patient, role of nurse as, June, 263
Cryosurgery in ophthalmology, Sept., 540
Cultural influences on woman patient, June, 196
Cyanosis, significance of, March 59
Cybernetics, March, 31
Cystitis, in elderly woman, June, 259

Dehydration, clinical picture of, March, 83
Deliberative nursing approach to relief of afterpains, June, 327-336
Delirium, in intensive care unit patient, March, 42
Delivery room, family-centered care in, June, 292
role of nurse in, June, 281
Demonic theories of mental illness, Sept., 551
Dependency, institutionally-induced, in elderly, Dec., 698
Diabetic patient
emergency surgery in, Sept., 533-537
postoperative care, Sept., 534
preoperative care, Sept., 533
Diffusion of gases across pulmonary membrane, March, 66
measurement of, Sept., 394
Digitalis therapy in elderly patient, 668
Director of nursing service, expectations of, March, 99-110
Disinfectants, chemical, classes of, Dec., 643
Disinfection, chemical, recommendations for (table), Dec., 645
methods of, in operating room, Dec., 642
Disposables, sterilized, use in operating room, Dec., 646
Diuretics, in elderly patient with heart failure, Dec., 669
new, March, 181
Doctor, relationship to hospital organization, March, 119
Doctor-nurse relationship, strains in,, March, 117-127
Drainage, bronchial, methods of, Sept., 465
postural, Sept., 428. See also *Bronchial drainage.*
Drugs, anesthetic, new, Dec., 593
for treatment of tuberculosis, Sept., 405
Dying patient, family of, Dec., 660
Dyspnea, March, 70

Edecrin, use as diuretic, March, 181
Edema, in congestive heart failure, Dec., 667
Education, inservice, in coronary care unit, March, 87-93
Elderly patient
as challenge to nurse, Dec., 717-727
care of, Dec., 649-748
nurse as consultant in, Dec., 723
community placement of, nurse's role in, Dec., 725
confused, care of, Dec., 709-715
family relationships and, Dec., 653-662
foot care for, Dec., 687-695
heart failure in, Dec., 663-674
institutionally-deprived, Dec., 697-707
multiple disease in, Dec., 675
nursing assessment of, Dec., 722
woman, June, 253-261
Electrolarynx, Sept., 530
Electrolyte balance, disturbances in, types of, March, 81. See also *Fluid balance.*
postoperative, Sept., 492
Electronic aids to speech after laryngectomy, Sept., 529-532
Electronic monitoring equipment, use in surgery, Dec., 563
Embryology of female genital tract, June, 206
Emotional problems of patients with respiratory disease, Sept., 479-487
nurse's role in, Sept., 482
Emphysema
death rates in, Sept., 438
home care in, Sept., 442
nursing care in, Sept., 413-422
prevention and control of, Sept., 449
Endometriosis
management of, June, 221
nursing care in, June, 217-227
pathologic process in, June, 219
patient characteristics in, June, 218
Esophageal speech, problems in learning, Sept., 529
Ethacrynic acid, use as diuretic, March, 181
Ethnic factors affecting woman patient, June, 196
Evening shift, problems for nurse, March, 147
Examinations, periodic, for cancer, barriers to, June, 231
Exercises, breathing, Sept., 474

Expectations and reality in nursing practice, March, 95-178
Expectorants, use in chronic obstructive lung disease, Sept., 415
Extracorporeal circulation, equipment for, Dec., 568

Family, patient's, in intensive care unit, March, 12
  size of, relation to attitude of woman patient, June, 200
Family-centered maternity nursing
  home visits as part of, June, 296
  in hospital, June, 292
  in practice, June, 289-298
  postpartum care, June, 338
  prenatal programs, June, 290
Family planning, nurse's role in, June, 355-365
Family relationships and elderly patient, Dec., 653-662
Female genital tract, anomalies of, June, 205-215
Femininity of woman patient, nurse's role in maintaining, June, 202
Fetal nursing, during labor, June, 307-314
Fetus, clinical assessment during labor, June, 309
Field trips to hospital for school children, Dec., 755-757
Fluid, infusion of, rate of, March, 79
Fluid and electrolyte balance, postoperative, Sept., 492
Fluid balance
  criteria for, March, 78
  disturbances in, types of, March, 81
  nursing observations of, March, 77-86
Foot care, for elderly patient, Dec., 687-695
Freezing techniques in ophthalmic surgery, Sept., 540
Furosemide, use as diuretic, March, 181

Gas exchange in lungs, March, 66
Gases, blood, normal values, March, 67
Genital tract, female, anomalies of, June, 205-215
  embryology of, June, 206
Geriatric gynecology, June, 253-261
Geriatric nursing, Dec., 649-748. See also *Elderly patient.*
  ANA and, Dec., 741-748
  clinical problems of, Dec., 675-686
Germicides, liquid, evaluation of (table), Dec., 644
Glucose solutions, rate of infusion for, March, 80
Graduates, new, expectations of, March, 99
Gynecologic nursing, June, 193-273
  geriatric, June, 253-261

Head nurse, problems of substituting for, March, 150
  responsibilities with elderly patients, Dec., 717
Health counseling of women, June, 263-273
Health maintenance programs for older adults, Dec., 729-740
Health service workers, supportive role of nurse with, March, 153-163
Health team, concept of, March, 124
Heart failure, congestive, pathophysiology of, March, 56: Dec., 664
  in elderly patient, care in, Dec., 663-674
    clinical manifestations, Dec., 665
    nursing responsibilities in, Dec., 672
    treatment, Dec., 666
Heart, fetal, assessment during labor, June, 309
Heimlich valve, nursing care with, June, 369-372
Henderson-Hasselbalch equation, Sept., 396
Home care of patient with chronic obstructive lung disease, Sept., 442
Hospital, relationship of doctor to, March, 119
Hymen, imperforate, June, 211
Hypercapnia, effects of, March, 69
  treatment, March, 73
Hypercarbia, effects of, Sept., 398
  signs of (table), Sept., 432
Hyperkalemia, March, 83
Hypokalemia, March, 82
Hyponatremia, March, 82
Hypopotassemia, March, 82
Hypotension, deliberate, use in surgery, Dec., 594
Hypothermia, use in surgery, Dec., 566, 594
Hypoventilation, in disease, March, 68
  postoperative, Sept., 496
Hypoxemia, treatment, March, 74
Hypoxia, effects of, Sept., 398
  signs of (table), Sept., 431

Illness, psychologic reactions to, Sept., 480
Immunization, active, recommended schedule for, Sept., 550

Infection, prevention in operating room, Dec., 641-648
Infection committee, role of, Dec., 647
Infusions, fluid, rate of, March, 79
Inhalation therapy
  equipment for, Sept., 498
  hazards of, Sept., 497
  in recovery room, Sept., 497
Innovar, use in anesthesia, Dec., 593
Inservice education program for coronary care unit, March, 87-93
Institutionally-deprived elderly patient, Dec., 697-707
Insulin shock, due to rapid infusion of glucose, March, 80
Intensive care nursing, March, 1-93
  nature and objectives, March, 3-6
  observation in, March, 29-39
Intensive care unit
  assessment of circulatory function in, March, 53-63
  assessment of respiration in, March, 65-76
  characteristics and social relationships, March, 7-15
  disadvantages of, March, 18
  for respiratory disorders, Sept., 423-436
  inservice education in, March, 87-93
  nursing care plan for, Sept., 500
  nursing observations of fluid imbalance in, March, 77-86
  objectives of, March, 3
  physical setup, March, 20
  planning and administering of, March, 17-28
  psychological hazards of, March, 41-51
  for staff, March, 49
  role in hospital, March, 7
Intermittent positive pressure breathing, home use of, Sept., 446
  use in chronic obstructive lung disease, Sept., 418
Intravenous therapy, March, 165-178. See also *Venipuncture.*
IPPB, home use of, Sept., 446
  use in chronic obstructive lung disease, Sept., 418

Labor, assessing progress of, through patient's behavior, June, 315-326
  fetal nursing during, June, 307-314
Labor room, family-centered care in, June, 292
  role of nurse in, June, 281
Laboratory data as indicators of cardiovascular function, March, 62
Laryngectomy
  electronic aids to speech after, Sept., 529-532
  psychologic needs of patient with, Sept., 519-527
  radical, current status of, Sept., 515-518
Larynx, anatomy and physiology of, Sept., 385
  artificial, Sept., 530
Lasix, use as diuretic, March, 181
Leadership, as nursing skill, March, 102
Lidocaine, intravenous use, Dec., 593
Liquefying agents, use in chronic obstructive lung disease, Sept., 415
Lung disease, chronic obstructive
  as a health problem, Sept., 437
  home care in, Sept., 437-452
  nursing care in, Sept., 413-422
  prevention and control, Sept., 449
  See also *Respiratory disease.*
Lung volumes, estimation of, Sept., 391
Lungs, anatomy and physiology of, Sept., 383

Management concepts, in operating room administration, Dec., 582
Mammography, June, 237
Masks, oxygen, Sept., 498
Maternity nursing, June, 275-365
  changes in, June, 277-288
  family-centered, for postpartum patient, June, 338
  in practice, June, 289-298
  fetal care in labor as part of, June, 307-314
Maternity units, problems of, June, 283
Maximum breathing capacity, measuring, Sept., 393
MBD, June, 375
Menstruation, explanation of, to children, June, 269
Mental illness, demonic theories of, Sept., 551
Mepivacaine, new local anesthetic, Dec., 593
Methoxyflurane, new anesthetic agent, Dec., 593
Minimal brain dysfunction syndrome, June, 375
Monitor, human-to-human, March, 29-39
Monitoring equipment, use in surgery, Dec., 563
Mortality of cancer of breast and cervix, June, 230
Mother(s), health counseling of, June, 267
  new, role of nurse with, June, 337-344
Mucosa, of lung, Sept., 389

Multiple disease in elderly patient, Dec., 675
Mumps vaccine, present status of, Sept., 549
Muscles of respiration, Sept., 473

National Tuberculosis Association, statement on infectiousness of tuberculosis, March, 183
Needle, for venipuncture, March, 167
Neuroleptanesthesia, Dec., 593
Night shift, problems for nurse, March, 147
Nurse
  maternity, changing role of, June, 277-288
  operating room, professional preparation of, Dec., 601-611
    role today and tomorrow, Dec., 570
  role as patient counselor, June, 263
  role in family planning, June, 355-365
  role in intensive care unit, March, 9
  role in meeting needs of new mother, June, 337-344
  staff, expectations in nursing practice, March, 111-115
Nurse-doctor relationship, strains in, March, 117-127
Nurse-patient relationship, March, 129-134
Nursing
  geriatric, Dec., 649-748
  in respiratory diseases, Sept., 381-487
  in tuberculosis, Sept., 403-412
  intensive care, March, 1-93
    in respiratory unit, Sept., 423-436
    observation in, March, 29-39
  operating room, Dec., 557-648
Nursing action, deliberate, sources of, June, 358
Nursing care
  and successful breast feeding, June, 345-354
  in abortion, June, 249
  in chronic obstructive lung disease, Sept., 413-422
  in endometriosis, June, 217-227
  in operating room, Dec., 635
  of elderly patient, Dec., 675-686
  of fetus during labor, June, 307-314
  of patient with Heimlich valve, June, 369-372
  of surgical patient, Sept., 489-541
  postoperative, Sept., 491-505
Nursing care plan, problems of, March, 143
Nursing practice, expectations and reality in, March, 95-178
  student's perspective on, March, 135-142
Nursing service
  relation to nursing education, March, 108
  staffing problems of, March, 106
  unexpected responsibilities in, preparation for, March, 143-152
Nursing service director, expectations of, March, 99-110
  in counseling process, June, 265

Observation, importance with patients in labor, June, 315
  nursing, in intensive care unit, March, 29-39
    obstacles to, March, 35
  of abnormal cardiovascular function, March, 58-62
  of fluid balance, March, 77-86
  of respiration, March, 69
Obstetrical nursing. See *Maternity nursing.*

  prolapse of, in elderly patient, June, 259

Vaccination, recommended schedule for, Sept., 550
Vaccine, mumps, present status, Sept., 549
Vagina
  absence of, June, 212
  anomalies of, June, 211
  septum of, June, 213
Vaginitis, senile, June, 257
Valve, Heimlich, nursing care with, June, 369-372
Venipuncture, March, 165-178
  equipment for, March, 167
  indications for, March, 166
  legal responsibility in, March, 165
  preparation of patient for, March, 168
  technique of, March, 170
Venous pressure, central, significance of, March, 59

Ventilation
alveolar, measurement, Sept., 395
normal, March, 66
mechanical, postoperative, Dec., 598
of lungs, measurement of, Sept., 392
postoperative problems of, Sept., 496
Ventilator, nursing care during use of, Sept., 429
Virilization of fetus or child, causes of, June, 208
Volumes, of lung, estimation of, Sept., 391
Vulva, anomalies of, June, 211
Vulvitis, in elderly patients, June, 258

Water, unmeasurable, gains and losses of, in patient, March, 78. See also *Fluid balance.*
Water intoxication, March, 81
Weight, patient's, as criterion of fluid balance, March, 78
White House Conference on Aging, Dec., 730
Woman patient
age of, effect of, June, 198
care of, June, 193-273
trends in, June, 201
characteristics of, June, 195-203
cultural influences on, June, 196
economic and sociologic influences on, June, 199
educational background as factor in, June, 197
elderly, June, 253-261
diseases of, June, 257
ethnic factors affecting, June, 196
health counseling of, June, 263-273

Xerography, June, 237
Xylocaine, intravenous use, Dec., 593

Zonulolysis, enzymatic, Sept., 540
